## GLOBAL CITIZEN PASSPORT

A free volunteer-made tool to guide thoughtful conversations and grow global-minded leadership.

## PASSPORT JOURNEY

Each time you use this Passport, you take a step toward becoming a more understanding, global-minded leader.

## HOW YOU GROW

Lead. Reflect. Grow.

Start a conversation, reflect on it, and grow as a global citizen.

## RECOGNITION SYSTEM

As you continue using the Passport, earn certificates that show your growth:

Each level reflects how much you've shared, learned, and inspired — one conversation at a time.

---

---

---

## The Global Citizen Pledge

I choose to grow as a global-minded leader.

I will stay curious, ask thoughtful questions, and listen with respect.

I will treat others with kindness and dignity — no matter where they come from.

I will lead by example through my words and actions, and do my part to make the world more fair, connected, and compassionate.

## Explore – **Curiosity**

### **Facilitator Guide:**

Have participants watch a short video (example: [TED Talk](#)) on a global issue of their choice. Encourage diverse topics and unfamiliar viewpoints.

### **Question:**

What question did it spark — and how does curiosity lead to global understanding?

---

## Explore – **Global Awareness**

### **Facilitator Guide:**

Have participants explore one of the UN Sustainable Development Goals at <https://sdgs.un.org/goals>. Ask them to pick one goal they find relevant.

### **Question:**

How is this global issue connected to your life — and why does global awareness matter?

---

## Explore – Critical Thinking

### Facilitator Guide:

Have participants read the short article: [To Improve Critical Thinking, Don't Fall into the Urgency Trap](#) (Harvard Business Publishing, 2023). After reading, invite reflection on what habits they want to improve.

### Question:

Did you agree or disagree with the article? Would you add anything? Why is critical thinking important for global leadership?

---

## Connect – Empathy

### Facilitator Guide:

Have participants watch a short video on empathy, such as [Jamil Zaki's TED Talk](#). Encourage them to focus on emotional insight, cultural perspective, and how empathy can be practiced.

### Question:

What part of the talk resonated with you — and how can you strengthen empathy in your daily life?

---

## Connect – Communication

### Facilitator Guide:

Have participants try to explain a global issue to someone unfamiliar with it (or imagine doing so). Then discuss what helped make their message clear.

### Question:

What did you learn about sharing ideas — and why does communication matter globally?

---

## Connect – Collaboration

### Facilitator Guide:

Have participants work in small groups to rank the [17 UN Sustainable Development Goals](#) by importance. Encourage active listening, open discussion, and respectful disagreement.

### Question:

What did you learn from others — and how can collaboration build better solutions?

---

## Lead – Initiative

### Facilitator Guide:

Have participants watch a short video or read a story about someone who took initiative on a global or local issue (example: youth leader, local activist).

### Question:

What inspired you — and what's one issue you'd want to take initiative on?

---

## Lead – Responsibility

### Facilitator Guide:

Have participants reflect on a time they made a responsible choice in a local setting — such as helping someone, admitting a mistake, or doing the right thing even when it was difficult.

### Question:

What did that choice show about your values — and how can responsibility strengthen global leadership?

---

## Lead – Impact

### Facilitator Guide:

Introduce a few key global issues from the UN's list ([un.org/en/global-issues](https://un.org/en/global-issues)) — such as climate change, clean water, or social justice. Briefly discuss one or two that feel relevant to the group. Then invite participants to reflect on how their personal or community-level actions could contribute to progress on those challenges.

### Question:

How can a local action you take create a positive impact on one of these global issues?

---

## Reflections Exercise

Come back to this page after facilitating conversations:

### One way I can grow from where I started:

(After this journey, what's one habit or mindset I want to improve — and why?)

### One global issue I want to stay curious about:

(What challenge, question, or SDG would you like to explore more deeply?)

---

## My Global Leadership Commitment

*Reflect on how I will lead with a global mindset using the 9 values from my Passport Journey.*

**As a Global Citizen Passport holder, how will I inspire others to think and act globally?**

(Who will I share this with? How will I lead conversations, raise awareness, or encourage global values in others?)

**Track your Passport Journey – how you've  
inspired others through meaningful  
conversations.**
